Reviews

This publication will be worth purchasing. It really is written in simple terms instead of difficult to understand. It has been designed in an exceptionally simple way and is particularly only right after I finished reading this ebook in which basically modified me, altered the way I believe.

BRIDGE BETWEEN MUSIC, ART & ARCHITECTURE

E. L. Foster Publishing Inc. Paperback. Book Condition: new. BRAND NEW, Bridge Between Music, Art & Architecture, Owen Waldschlagel, Hye Jeong Park, The nature of beginning is to connect. As a young adult he reconstructs a sailing vessel that he found under the Brooklyn Bridge, in NYC. The sailboat is capable of ocean voyages. He sails and discovers interesting attributes combining the muses of natural science with those of music and philosophy. His interactions with people within and without his life bring him an awareness of the human condition. He is a song writer turning his thoughts into lyrics and music. He returns home to NY and discovers the high attributes of applying knowledge and logic to problems to create solutions. Involved in the everyday possibilities of hopes and dreams either through creating music, producing artwork or constructing dwellings he aspires to elevate destinies. A central theme of this book is the affability of the relationships between the different talented personalities and their abilities to share a logical or artistic quest as...
