Brand New Book ***** Print on Demand *****.Excerpt from Questions in Physical Geography Given at Examinations Held by the Regents of the University of the State of New York This little book of questions and answers was not designed for cramming but for a help to both teacher and pupil at the close of the term after the subject has been honestly and thoroughly studied. I have chosen what seemed to me the most important and frequently recurring questions in the Regents examinations, and have arranged them by topics. The answers are made more valuable by references to the leading authors, as shown in the list on page 31 of the Key. The maps and pictures are sometimes repeated that they may adjoin the matter they illustrate, the one object being to make the book convenient and usable.
