

The ADHD Handbook: A Guide for Parents and Professionals

Filesize: 7.11 MB

Reviews

Comprehensive manual for ebook fans. I am quite late in start reading this one, but better then never. Its been written in an exceptionally basic way and is particularly merely soon after i finished reading this publication in which really changed me, affect the way in my opinion.
(Prof. Antone Olson II)

Jessica Kingsley Publishers. Paperback. Book Condition: new. BRAND NEW, The ADHD Handbook: A Guide for Parents and Professionals, Alison Munden, Jon Arcelus, 'The book includes chapters on the nature and possible causes of ADHD as well as chapters on various treatment modalities and on long-term prospects and adults with ADHD. Each chapter includes summary lists that highlight the main points made in the chapter. In addition, a good annotated resource list is included in one of several appendixes. Overall, the book is well written and provides a considerable amount of information in a relatively small number of pages and would serve as a good reference for anyone who wants a concise overview of the medical aspects of this disability.' - Disability Studies Quarterly 'The AD/HD Handbook by Alison Munden and Jon Arcelus, is a concisely written, well-organised book which leads the reader step-by-step through the recognition, diagnosis and treatment of AD/HD. The chapters are well organised and contain useful checklists of core symptoms, associated disorders, assessment methods, treatment team members and other useful information. For the professional there is a list of useful assessment instruments, and the books and videos in the appendix are accompanied by short descriptions that will aid readers in their selection. There is also an extensive list of web-sites for those that are new to this technology.' - Young Minds 'It provides a concise, well-organised review of the field which reflects the practice of many contemporary child psychiatrists.' - Psychoanalytic Psychotherapy The ADHD Handbook provides a comprehensive account of current knowledge of ADHD and offers practical advice to parents, teachers, social workers and other professionals working with young people and their families. The authors also look at the long-term prospects for children with ADHD and the difficulties they may face. A chapter on ADHD in adults...
