Oxford University Press. Paperback. Book Condition: new. BRAND NEW, Corruption: A Very Short Introduction, Leslie Holmes, Corruption is one of the biggest global issues, ahead of extreme poverty, unemployment, the rising cost of food and energy, climate change, and terrorism. It is thought to be one of the principal causes of poverty around the globe. Its significance in the contemporary world cannot be undervalued. In this Very Short Introduction Leslie Holmes considers why the international community has only highlighted corruption as a problem in the past two decades, despite its presence throughout the millennia. Holmes explores the phenomenon from several different perspectives, from the cultural differences affecting how corruption is defined, its impact, and its various causes to the possible remedies. Providing evidence of corruption and considering ways to address it around the world, this is an important introduction to a significant and serious global issue.
